

Guest Speaker Announcement

We are happy to announce our Graduate Seminar Guest Speaker

Edward "Chip" Pollock

who will be offering a web-based seminar on

"Glass evidence: taking it from the crime scene to the court"

WHEN: October 14th, 2016 at 1pm ET
WHERE: Live web-based seminar (will meet at Oglebay Hall 220)

Edward "Chip" Pollock has over 25 years of experience in forensic science, and currently works as a supervising criminalist for the Sacramento County District Attorney's Office Laboratory of Forensic Services. His areas of expertise include the analyses of trace evidence, forensic microscopy, crime scene processing and reconstruction. Mr. Pollock serves as a member of the Chemistry / Instrumental Analysis Scientific Area Committee (SAC) – Materials (Trace) Subcommittee within the Organization of Scientific Area Committee (OSAC). Mr. Pollock is certified as a Fellow in general criminalistics from the American Board of Criminalistics.
